

AMENDMENT TO THE SPECIFICATION:

Please delete page 10.

Please amend the paragraph beginning on page 1, line 14, as follows:

The invention relates to a mold closing unit for an injection molding machine for processing plastics materials and other plasticizable substances having a mold height adjustment, ~~according to the main preamble of claim 1 as well as to a method for actuating this type of mold height adjustment according to the main preamble of claim 11.~~

Please amend the paragraph beginning on 2, line 25, as follows:

Proceeding from this state of the art, ~~it is the object of the present invention to provide an~~ exemplary embodiment of the invention is a mold height adjustment for a mold closing unit and a method for actuating the mold height adjustment, which mold height adjustment uses in an advantageous manner for its actuation the moving parts which are present in any case on the machine.

Please amend the paragraph beginning on page 2, line 31, as follows:

~~This object is achieved by a mold closing unit with the features of claim 1 and by a method with the features of claim 11.~~

Please amend the paragraph beginning on page 3, line 13, as follows:

~~Further details are produced from the subclaims.~~
